Who we are

M.Y.O ('Make Your Own') is London's favourite place for adults to get creative – virtually, in-person in our studio or at your office / event.

Set up by couple Diana and Sam in 2017, they wanted to help 1,000,000 adults get creative through arts & crafts. We're well on our way to achieving that, having helped 10,000s explore their creative side so far!

Join us to give your creative muscles a workout, de-stress and get to know your colleagues and community better. With over 14 different arts & crafts experiences to choose from, like lino printing, to t-shirt design to embroidery to brush lettering, macramé, pottery and more, we'll get you making and expressing your creative side in a fun, inclusive and beginner friendly environment, don't you worry!

Everyone is creative, they just need an outlet – we provide the positive environment, tools, equipment and guidance for you to explore it.

We also have a range of creative kits for online or off-site events and corporate gifting, along with a team of over 10 superstar creative hosts.
